DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 6 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Kumar, et al., “Extended Hypercube: A Heirarchical Interconnection Network of Hypercubes” (Herein after referred to as “Kumar”), cited as a prior art reference in paper number 9, mailed on November 15, 2002.

3. The rejection is respectfully maintained and incorporated by reference as set forth in the last office action mailed on January 23, 2004.

Response to Arguments

4. Applicant’s arguments with respect to the rejection(s) of claim(s) 7-20 have been fully considered and are persuasive. Therefore, the rejections have been withdrawn.

5. Applicant's arguments with respect to claim 6 have been considered but are not persuasive.

6. On page 7, applicant argues in essence:

“Nodes 0 and 00-04 do not interconnect the processors at the lowest level as two-dimensional hypercubes.”

However, each hypercube, such as that illustrated in Figure 1, contains six separate two-dimensional hypercubes, that is one two-dimensional hypercube per cube surface. In

Figure 3, Nodes 0 and 00-04, interconnect the processors at the lowest level as 64

hypercubes that each contain six separate two-dimensional hypercubes. Therefore this argument is moot.

Allowable Subject Matter

7. Claims 1-5 and 7-20 are allowed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
